

CONTENTS

Original Contributions

Plasma orexin-A levels in patients with migraine

Junko Yonekura, Junichi Hamada, Naomi Kanazawa, Fumihiko Sakai 77

The change in cortical spreading depression induced by different concentrations of KCl in rats

Junko Yonekura, Junichi Hamada, Eiji Kitamura, Kenzo Koizumi,
Ray Masuda, Michinari Fukuda, Fumihiko Sakai 81

The effect of vascular endothelial growth factor on murine hair follicle growth

Rieko Kitamura, Akira Takeda, Eiju Uchinuma 85

Identification of spatiotemporal cortical activation during a motor task by optical topography

Yutaka Fuchino, Takushige Katsura, Naoki Tanaka, Hideaki Koizumi, Atsushi Maki, Ken Nakamura 92

Symptoms of workers exposed to formaldehyde and volatile organic compounds in workplaces

Maki Ikeda, Kaori Hosoi, Eriko Miyajima, Yasushi Kudo, Takeo Miki, Toshihiko Satoh, Yoshiharu Aizawa 98

Differences of summation across locations and conditions for the development of local binocular visual field summation

Yayoi Yamakawa, Hiromi Kawai, Nobuyuki Shoji, Kimiya Shimizu 107

Depressive disorders and suicidal behaviors in patients with borderline personality disorder

Satomi Tanaka, Hisatoshi Arai, Yoshiro Sakai, Reiko Kishita,
Toru Sawayama, Yoshiko Miyaoka, Hitoshi Miyaoka 115

Proteomic analysis of glucose transporter 4-dependent and glucose transporter 4-independent organs in streptozotocin-induced diabetic rats

Madoka Matsubara, Tesshu Takada, Masamichi Oh-ishi, Yoshio Kodera, Tadakazu Maeda, Yoshikuni Fujita 120

Interpersonal communication skills of patients with schizophrenia, depression, neurotic disorders, or eating disorders

Aya Inoue, Megumi Takahashi, Enami Sawayama, Keisuke Nakajima, Satomi Tanaka, Hitoshi Miyaoka 128

Plasma homocysteine level in multiple system atrophy

Junichi Hamada, Eiichiro Nagata, Toshihiko Shimizu, Mamoru Shibata, Fumihiko Sakai 134

Plasma excitatory amino acid levels in multiple system atrophy

Junichi Hamada, Eiichiro Nagata, Toshihiko Shimizu, Mamoru Shibata, Takahiro Sasaki, Fumihiko Sakai 137

Minimally invasive decompressive surgery using modified spinous process osteotomy for lumbar spinal stenosis in elderly patients 75 years of age or older

Masashi Takaso, Tetsuya Watanabe, Toshiyuki Nakazawa, Takayuki Imura, Dai Iwase, Toshimitsu Moriya,
Ryousuke Shintani, Gennyō Miyajima, Moritoshi Itoman, Sumio Hoka, Toshiyuki Okutomi, Ryou Osawa,
Hideshige Moriya, Kazuhisa Takahashi, Masashi Yamazaki, Masatoshi Inoue, Seiji Ohtori 140

Possibility of the participation of foreign antigen having a common antigenic structure with aberrantly glycosylated IgA1 to the onset of IgA nephropathy and Henoch-Schönlein purpura

Akihiko Itoh, Hitoo Iwase, Takeshi Yamakawa, Naomi Iwanami, Etsuko Nagata,
Kazuo Nakamura, Yutaka Kobayashi, Hiroko Odani, Yoshiyuki Hiki, Makito Okamoto 152

A case control study of drug use associated with falls among hospitalized patients in a university hospital in Japan

Katsuya Otori, Yuka Ishida, Koji Wada, Mitsuyasu Watanabe, Rumiko Kondo, Akitaka Shibuya, Kazuo Yago 161

Gender differences in locomotion activity after first-ever ischemic stroke

Michinari Fukuda, Tadashi Kanda, Naoto Kamide, Junko Yonekura, Takahiro Iizuka, Fumihiko Sakai 167

Kitasato Medical Society Invitational Academic Lecture Series Abstracts	173
Information for Authors	175
